

DELTA™ COMFORT HARNESS

# BUILT TOUGH, WORN IN COMFORT

THE NEWLY-DESIGNED  
DELTA™ COMFORT  
HARNESSES ARE AS TOUGH  
AS THOSE WHO WEAR THEM.

THE ULTIMATE IN FALL PROTECTION

## PRODUCT OVERVIEW

---

The new Delta™ Comfort Harness range combines a set of ‘industry-first’ advancements, with popular features making them the workhorse of the industry. Today’s Delta™ represents the culmination of more than twenty years of design, research, manufacturing know-how and on-the-job performance. These new Delta™ Comfort harnesses incorporate many of the original Delta™ features in addition to built-in shoulder, back and leg padding, coated, corrosion-resistant hardware, and abrasion-resistant webbing and a build quality that is second to none. The padding wraps around you and incorporates vent windows allowing direct air contact and better circulation cooling the body.

### DURABLE

The new Delta™ Comfort harnesses are as tough as the guys who wear them. They feature coated, corrosion-resistant hardware, the webbing is water-repellent and abrasion resistant. Labels are protected by secure Velcro® covers.

### CONVENIENT

A patented triangular design gives Delta™ Comfort harnesses a shape of their own, so you can don them quickly and easily. Revolver™ torso adjusters make adjustments fast and secure. Tech-Lite™ aluminum alloy Quick Connect buckles reduce weight and the energy required to do your job during the course of a day. Our exclusive i-Safe™ system gives you an efficient, digital way of recording and storing information on inspections.

### COMFORTABLE

Because Delta™ Comfort harnesses hold their basic shape, shoulder straps don’t rub your neck raw. Made with soft, breathable materials, the Delta™ Comfort hip pad ergonomically supports your back and hips while bearing heavy loads.

# DELTA™ COMFORT HARNESS

## REPEL™ WEBBING

Water repellant to reduce attraction of mold and dirt - also has up to 5 times more resistance to abrasion.

## COMFORT PADDING

To the underside of the shoulder straps.

## GEAR LOOPS AND CONNECTORS

Range of connection and storage points for tools and pouches.

## REVOLVER™ VERTICAL TORSO ADJUSTER

These unique and innovative adjusters have patent pending. They are simple and fast adjustment that eliminates loose ends and locks into place preventing slippage.

## DELTA™ COMFORT HIP PAD

Improved ergonomic fit constructed with a soft, breathable, comfortable interior that supports your back and hips.

## TECH-LITE™ QUICK CONNECT BUCKLES

Lightweight aluminum alloy buckles for fast and easy connections. Other connections available (Pass Through also shown).

## COMFORT PADDING

Adjustable on the legs straps.

### SEWN-IN DORSAL PAD

Holds personal SRLs and locks the pad in place to eliminate slippage.

### IMPACT INDICATORS

Provides visual alert that the harness has been involved in a fall and for safety inspections.

### REVOLVER™ VERTICAL TORSO ADJUSTER

Eliminates loose ends and locks into place, preventing slippage.

### RIGID BELT

Allows for 27kg of tools without collapsing.

### VENT WINDOWS

Padding with built-in Vent Windows to allow for direct air contact, cooling the worker.

### TONGUE BUCKLE LEGS

For fast and easy adjustments (also available with Tech-Lite™ Quick Connect Buckles).

### PROTECTED LABELS WITH i-SAFE™

A Velcro® cover protects harness labels and holds DBI-SALA®'s i-Safe™ identification tag. It gives you an efficient way of recording and storing information on inspections.
